Ur Big Milky Mommy GF

## ABOUT

Gwen is a full time adult content creator and influencer. Hot off of a 2021 XBIZ Award win (Gwen is well known in the adult industry for her campy solo videos), she's been expanding into lifestyle, fashion and body positive content for Instagram and Tiktok. As a fat online sx worker, internet censorship is an issue Gwen advocates against. As someone who's been affected by algorithmic discrimination (recently losing her main TikTok account at 150k followers), she's made headlines by speaking up against the injustices her community faces online and in government policies. Starting in 2018, she's battled platform suppression to turn her brand into a well recognized one across multiple industries. She's also a freelance model, working with brands like Hayley Elsasser.

Gwen's playful and outgoing personality shines on all platforms.
